## **St. Andrew's Preschool Policies for Reporting Abuse & Neglect**

### Who Should Report Child Abuse & Neglect

- Any person may voluntarily report abuse or neglect.
- St. Andrew's Preschool staff are required by law or mandated to report abuse or neglect.
- Any staff member cannot shift the responsibility of reporting to anyone else at St. Andrew's Preschool or St. Andrew's Lutheran Church.
- If a staff member knows or has reason to believe a child is being or has been neglected or physically or sexually abused within the preceding three years they must immediately (within 24 hours) make a report to an outside agency.

### Where to Report

- If you know or suspect that a child is in immediate danger, call 9-1-1.
- All reports concerning suspected abuse or neglect of children occurring in a licensed facility should be made to the Department of Human Services, Licensing Division's Maltreatment Intake line at 651-297-4123.
- Reports regarding incidents of suspected abuse or neglect of children occurring within a family or in the community should be made to Itasca County Health & Human Services at 218-327-2941 or to the Itasca County Sheriff's Department at 218-326-3477.
- If your report does not involve possible abuse or neglect, but does involve possible violations of Minnesota Statutes or Rules that govern a facility (St. Andrew's Preschool), you should call the Department of Human Services-Licensing Division at 651-296-3971.

### What to Report

- Definitions of maltreatment are contained in the Reporting of Maltreatment of Minors Act (MN Statutes, section 626.556).
- A report to any of the above agencies should contain enough information to identify the child involved, any persons responsible for the abuse or neglect (if known), and the nature and extent of the maltreatment and/or possible licensing violations.
- For reports concerning suspected abuse or neglect occurring within a licensed facility, the report should include any actions taken by the facility in response to the incident.
- An oral report of suspected abuse or neglect made to one of the above agencies by a mandated reporter must be followed by a written report to the same agency within 72 hours, exclusive of weekends and holidays.

### Retaliation Prohibited

- An employer of any mandated reporter shall not retaliate against the mandated reporter for reports made in good faith or against a child with respect to whom the report is made.
- The Reporting of Maltreatment of Minors Act contains specific provisions regarding civil actions that can be initiated by mandated reporters who believe that retaliation has occurred.

### Failure to Report

- A mandated reporter who knows or has reason to believe a child is or has been neglected or physically or sexually abused and fails to report is guilty of a misdemeanor.
- In addition, a mandated reporter who fails to report maltreatment that is found to be serious or recurring maltreatment may be disqualified from employment in positions allowing direct contact with persons receiving services from programs licensed by the Department of Human Services and by the Minnesota Department of Health and unlicensed Personal Care Provider Organizations.

#### Internal Review

- An internal review will be completed if any reports of suspected maltreatment have been made.
- This review will ensure that the health and safety of the children at St. Andrew's Preschool are protected.
- This internal review will include an evaluation of whether:
  - Related policies and procedures were followed.
  - The policies and procedures were adequate.
  - There is a need for additional staff training.
  - The reported event is similar to past events with the children or the services involved.
  - There is a need for corrective action by the license holder to protect the health and safety of the children in care.

#### Primary and Secondary Person to Ensure Internal Reviews are completed.

- Primary person to perform internal reviews is the director of St. Andrew's Preschool.
- Secondary person to perform internal reviews is the senior pastor of St. Andrew's Lutheran Church (Pastor David Anderson), if the primary person is involved in the suspected maltreatment.

#### Documentation of the Internal Review

- The internal review shall be completed and documented.
- This review may then be given to the DHS Division of Licensing commissioner upon the commissioner's request.

#### Corrective Action Plan

- Based on the results of the internal review, the license holder must develop, document, and implement a corrective action plan designed to correct current lapses and prevent future lapses in performance by individuals or the license holder, if any.

#### Staff Training

- The license holder must provide training to all staff related to the mandated reporting responsibilities as specified in the reporting of Maltreatment of Minors Act (MN Statutes, section 626.556).
- The license holder must document the provision of this training in individual personnel records, monitor implementation by staff, and ensure that the policy is readily accessible to staff, as specified under MN Statutes, section 245A.04, subdivision 14.
- These policies and procedures are available to parents of all children enrolled in St. Andrew's Preschool upon enrollment and upon request.

## **Grievance Policy**

- Parents who have a grievance should report it to the teacher or director first.
- If not resolved to their satisfaction within a reasonable amount of time they should then report it to a member of the preschool advisory board and/or Pastor David Anderson.
- If not resolved by the preschool advisory board or the pastor within 30 days, the issue should be reported to the St. Andrew's Church Council president.
